UNO DUO

Dual 48V 90Ah Lithium Ion Golf Cart Battery, Charger and Install Kit

Dual 48V 90Ah Uno Battery System

- Includes two 48V 90Ah Uno Batteries
- 15A Charger
- Dual Battery Charger Harness
- Junction block to connect two battery's discharge lines to golf cart
- NOCO AC Charger Port and Adapter Plate
- State of charge gauge
- Battery Hold down kit

QUALITY

100% USA Made in Idaho with a 10 Year Warranty.

POWERFUL

90Ah 48V Lithium Ion battery that can support up to 600 amp bursts and 100 amps of constant output.

LIGHTWEIGHT

A single UNO pack will totally replace a lead acid system and only weighs 48lbs vs lead acid's 372 lbs, and still achieves the same drive distance.

HIGH PERFORMANCE

Expect twice the speed and acceleration driving up hills with 60% better voltage.

ENERGY SAVINGS

Removing over 300 lbs of weight from the cart increases drive efficiency and Lithium Ion charges over 20% more efficiently than lead acid batteries. This all adds together to reduce energy consumption by 35%.

SAFE

UNO's patented battery management system ensures the battery charges safely. Connectors eliminate the risk of electrical shorts.

POWERFUL MOBILE APP
